“ We have seen significant improvement in customer service productivity and efficiency with PCRS

Customer service representative productivity increased by

19%

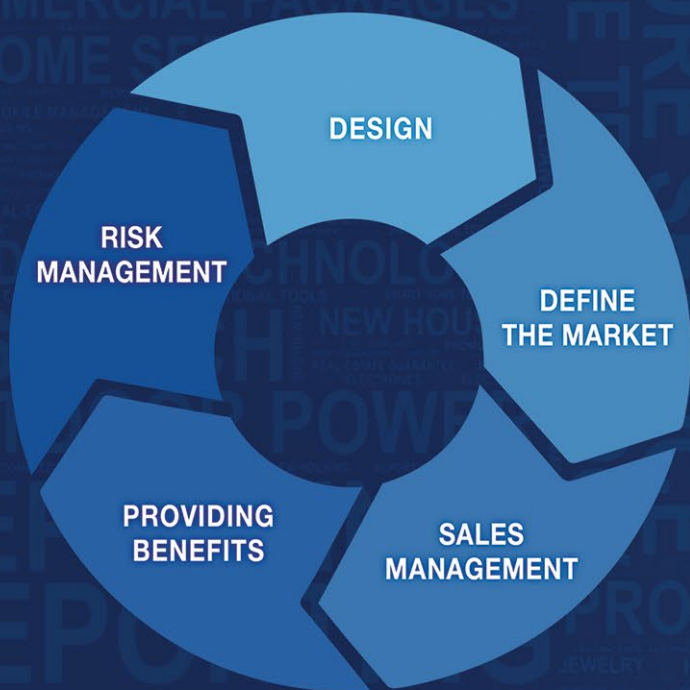

Average handle time for inbound calls has been reduced by almost

60 sec”

Robert Gaitan
Director of Operations
New Leaf Service Contracts, LL

**Software that supports
the lifecycle of a service contract**

“I could make a change today and have it in the PCRS software by tomorrow. In the past, depending upon the scale of the change, it could take weeks or even longer.”
