

ProGuard Warranty Signs Agreement with PCMI to Automate and Enhance Vehicle Service Contracts through PCRS

Implementation of the software will give ProGuard Warranty the competitive edge by streamlining entire operation

Park Ridge, Illinois – June 18, 2019 – [ProGuard Warranty](#) has partnered with [PCMI Corporation](#) to license and implement PCMI's Policy Claim and Reporting Solutions™ (PCRS) platform. The PCRS modular system automates the administration of F&I Products, Extended Warranties, Service Contracts, and all aftermarket products.

Dominic Limongelli, President of ProGuard Warranty, said about the agreement, "As a company, ProGuard has exceeded every growth benchmark we've set, and we are now looking at what we need to do to get to the next level. Further enriching the customer experience is our top priority and we believe this solution will help us do so by continuing to raise the bar on efficiency. Incorporating the PCRS administration management software into our workflow will enhance internal systems, allowing us to calculate losses in real-time, improve claims processes, and accelerate data entry and cancellations – streamlining our entire operation."

Limongelli stated, "Our dealer partners, who already tell us our online contract platform is faster and easier than any other company, will benefit from quicker integration of their menu and dealer management systems to help expedite closing and processing contracts. We are confident that introducing PCMI's robust management software into our mix will give us a competitive edge by accelerating our responses to dealer's needs and continuing to create new products that help them improve profitability."

Mark Nagelvoort, President & CEO of PCMI Corporation, said, "ProGuard Warranty has a truly experienced team that is responsible for the successful growth of their company. PCMI is looking forward to complementing their business model by automating the administration of their innovative, world-class products. Optimizing our PCRS platform to support both franchised and non-franchised dealerships will keep us on our path to success. We are thrilled to be expanding our footprint in the industry."
